The Aztec demon is unleashed. The green bottle is his "trick." They're his bait. When a group of friends decide to take a break for the night, pitching camp around a crackling fire, their team leader sees a creepy green bottle embedded in the ground. It looks ancient. He pulls it out, deciding to use it as a "spinner." And so, they all take turns to tell their tale, unaware that within this bottle abides an ancient creepy Aztec demon spirit, vowing to teach them all a lesson; one they will never forget. Will they make it through the night? Or will the forces of evil prevail?
