SWALLOWDALE EBOOKS 2019

Author: Arthur Ransome

Release Date: Expected @@expectedReleaseDate@@

For anyone who loves sailing and adventure, Arthur Ransome's classic Swallows and Amazons series stands alone. Originally published in the UK over a half century ago, these books are still eagerly read by children, despite their length and their decidedly British protagonists. We attribute their success to two facts: first, Ransome is a great storyteller and, second, he clearly writes from first-hand experience. Independence and initiative are qualities any child can understand and every volume in this collection celebrates these virtues.

Swallowdale (originally published in 1931) is the second title in Arthur Ransome's classic series for children, for grownups, for anyone captivated by the world of adventure and imagination. It follows the Walker family and friends through a shipwreck, a camp on the mainland, a secret valley and cave, and a thrilling mountain hike.
